ProGuard Product Data

ProGuard Premium Blue No. 2 Grease Product Data Sheet

ProGuard Premium Blue No 2 Grease is a very tacky- lithium thickened, multi-functional extreme pressure (EP) grease formulated to withstand constant temperatures up to 250 Deg. F for extended periods of time. It is dyed blue for easy identification and is easily pumpable.

ProGuard Premium Blue No. 2 Grease is designed for heavily loaded bearing applications where water washout is a problem. Applications include steel mill bearing lubrication in tubular rolling mills and other applications that require a very tacky, premium, extreme pressure grease for heavily loaded bearings that may be exposed to high water contamination and water washing.

Benefits

- High melting point
- High load carrying ability
- Extreme pressure protection
- Protection against rust and corrosion
- Extremely water resistant
- Stays in place

Typical Characteristics

ProGuard Premium Blue No. 2 Grease	2
Base Oil Viscosity	
@40 Deg. C, cSt	460
Appearance	Very Tacky/Smooth
Dropping Point Deg. F	365
Rust Protection	Pass
Color	Blue
